

**Beyond Influence™**

## PROBLEM SOLVING AND DECISION MAKING

### A 2 or 3 Day In-Person or Virtual Workshop

This workshop is designed to develop the logical reasoning and problem-solving skills of key technical professionals who can apply those skills on critical organizational issues. Attendees will acquire skills to pinpoint, clarify, and tackle challenges; decide with impartial standards; construct detailed strategies for successful decision execution; and enhance cooperative efforts and unity in addressing problems and making decisions.

#### Subjects covered in this workshop:

- Questions to ask about any problem to demonstrate world-class problem-solving acumen.
- Defining what success looks like in problem-solving and decision-making.
- Grasping the issue with efficient problem analysis.
- Techniques for analyzing causes.
- Analyzing options using a diverse array of tools.
- Robust decision-making methods to ensure comprehensive group involvement and action.
- Mastery of impactful tools for significant outcomes.

#### Who Should Attend

This workshop welcomes leaders from all tiers. Come with your real-world challenges, engage in collaborative discussions with peers, and leave with actionable steps.
